Some services may have been omitted due to parked vehicles.
The Ordnance Survey 50 is to be used as a guide only.

OS Buildings Surveyed Buildings

This survey has been generated to the Ordnance Survey (OS) National Grid (OSGB36 TQ) via Global Navigation Satellite Systems (GNSS) and the O.S. Active Network (OS AN).

A new OSGB36 coordinate has been established near to the job centre via a transformation using the OSTN15GB & OSGB36/OSGB transformation models.

The survey has been correlated to this point and a further one or more OSGB36(15) points established to create a true O.S. bearing for angle orientation.

No scale factor has been applied to the survey therefore the coordinates shown are arbitrary & not true O.S. Coordinates which have a scale factor applied.

Please refer to Survey Station Table to enable establishment of the co-ordinate grid.

Building Survey Legend:

Site 1.00	Site Height from FFL
HW 2.12	Head Height from FFL
SL 51.00m	Soil Level from defined datum
RL 52.82m	Head Level from defined datum
Susp. Cmt. 2.00	Suspended Ceiling Height from FFL
Struct. Cmt. 3.00	Structural Ceiling Height from FFL
Susp. Cmt. 30.00m	Suspended Ceiling Level from datum
Struct. Cmt. 31.00m	Structural Ceiling Level from datum
IFL 100.00m	Internal Floor Level (General)
IFL 100.00m	Internal Floor Level (Specific)
Insertion Point	Insertion Point for overlay drawings of other floors or details

Legend:

Asph	Asphalt	As	Asphalt	As	Asphalt

Comments:
This plan should only be used for its original purpose. Greenhatch Group accepts no responsibility for this plan if supplied to any party other than the original client.
All dimensions should be checked on site prior to design and construction.
Drainage information (where applicable) has been visually inspected from the surface and therefore should be treated as approximate only.
